AmeriLife Group, L.L.C. Selects VUE Compensation Management

Coconut Creek, Florida, 10/08/2009 — Computer Solutions and Software International, Inc. (CSSI) today announced that AmeriLife Group, L.L.C. (AmeriLife), the largest annuity, life and health insurance marketing organization for the senior market in the country, has selected VUE Compensation Management. After a thorough evaluation, AmeriLife has selected VUE Compensation Management for its ability to streamline the company's commission payment and reconciliation process and to support their rapidly increasing volume of transactions.

"We selected VUE Compensation Management because it has a proven record of handling the complexities inherent in our business," said Ryan Patterson, Vice President of Strategic Operations at AmeriLife Group. "The VUE Software team's industry expertise and history of successful deliveries assure us that we are choosing the right strategic partner for this project."

The system provides the capability to handle a large amount of transactions – as well as tracking detailed information such as individual agent's certifications, licenses, appointments and contract dates at a micro level. Additionally, VUE Compensation Management can help AmeriLife ensure accuracy in areas such as commission reconciliation, advances and charge-backs.

"We are excited that AmeriLife Group has chosen VUE Compensation Management to be a key contributor to their business growth," said Stephen Bruno, President and CEO of CSSI, parent company of VUE Software. "Tailored to the needs of the insurance industry, and with a solid install base at MGA's, VUE Compensation Management has the ability to integrate into AmeriLife's complex business environment and help the company correctly pay their agents as well as reconcile payments from carriers."

VUE Compensation Management, designed by insurance specialists, calculates and tracks all aspects of commissions in the most complex insurance business environments. The system is designed to help insurance companies contain administrative costs, build a flexible platform, and ensure scalability.

About CSSI and VUE Software®

VUE Software® is the product division of Computer Solutions and Software International (CSSI) dedicated to providing industry-specific business technology solutions to companies in the insurance, healthcare, and construction verticals. Because they are tailored to the needs of these particular industries, our solutions are different from one-size-fits-all performance management and compensation suites such as enterprise incentive management (EIM) and sales performance management (SPM) solutions. VUE Software's solutions allow companies to manage strategic incentive plans, automate producer administration and organize complex data and contractor policies, resulting in greater administrative efficiency and improved sales performance.
