

VUE Software Successfully Implements Phase 1 for Aviva Financial Advisers in 60 days

Coconut Creek, Florida, 10/27/2016 — [VUE Software](#) announced that they have completed the first implementation phase at [Aviva Financial Advisers Pte Ltd.](#), a licensed financial advisory firm wholly owned by Aviva Limited, a leading insurer in Singapore.

Two months ago, VUE was selected to implement the [VUE Distribution Management Suite](#) for the newly set up financial advisory firm. The first phase of the implementation process was completed on September 12, 2016 with the deployment of [VUE Distribution Compensation Management](#). This is the first implementation of VUE Software in the Asia-Pacific specific region.

Santosh Gon, Head of Transformation at Aviva Singapore, who is leading the project, said, "We are very pleased with the effort and commitment of the VUE Software team and the delivery timeframe they have achieved. VUE's modules will enable Aviva Financial Advisers to automate payments for advisers, increasing the firm's efficiency and accuracy."

Abhinav Dave, Executive Vice President of VUE Software commented, "Aviva is a great partner to work with and we really enjoyed working with their team on this project. Both companies were able to work together and successfully implement a compensation management solution in 60 days, which is the fastest producer-compensation project in VUE's history. We look forward to implementing the other modules in the near future."
