

LIMRA Distribution Conference for Financial Services: Learn How to Handle Disruptors in the Insurance Industry

The Life Insurance and Market Research Association (LIMRA), and an international research, learning, and development organization established to help members improve their marketing and distribution effectiveness. LIMRA provides companies with retirement, insurance, and distribution insights and analysis. With 850 members from 70 countries LIMRA's conferences deliver current industry developments and trends to their international audience.

Distribution Conference for Financial Services

A large graphic for the conference. It features a stylized landscape with a person on a mountain peak looking through binoculars at a sunset. The scene is set against a backdrop of mountains and a forest. The graphic is overlaid with a large, stylized '2017' in green and blue, and a blue arrow pointing towards the right. The text 'March 1 - 3' and 'Ft. Lauderdale Harbor Beach Marriott Resort & Spa, Ft. Lauderdale, FL' is displayed at the bottom of the graphic.

March 1 - 3
Ft. Lauderdale Harbor Beach Marriott Resort & Spa, Ft. Lauderdale, FL

[VUE Software](#) is an active participant in LIMRA and regularly participates in the [LIMRA Distribution Conference](#). Participating in the LIMRA Distribution conference lets our team interact with attendees and others to get first-hand information on the challenges facing insurers. VUE has valuable information on the latest distribution technology as well as

emerging compliance issues that LIMRA attendees need to be aware. The VUE team, comprised of industry and technology experts who are aware of the challenges and disruptors in the industry, demonstrate, for example, how process automation can improve agent life-cycle management.

To learn more about the digital-transformation revolution in the industry, stop and see the VUE Software Team at the [LIMRA Distribution Conference for Financial Services](#), March 1–3 2017 at the Harbor Beach Marriott.

About VUE Software®

VUE Software is a single scalable platform built from the ground up for Insurers, MGAs, FMOs, IMO's, and Insurance Distributors who have outgrown their current tools and require greater automation for producer administration and sales processes. Founded by [CSSI](#) over two decades ago, VUE Software offers configurable solutions to meet the unique needs of the Life and Annuity, Health, and Property and Casualty markets. The company leads the Distribution Modernization movement and provides insurance organizations a solid path to revenue growth and competitive advantage, supporting multiple product types, distribution channels, and hierarchy types.
